Owasco Free Run Passport Terms & Conditions

Terms & Conditions:

Clients must be travelling within indicated earliest pickup and latest drop of dates

All Blackout/Reservable dates are dates that the clients cannot freely travel to the listed campground. If the clients wish to travel to that campground on the indicated dates a campsite reservation will be required. Reservations can be made through Owasco only and are required to be reserved at least 30 days prior to campsite arrival date. Due to the blackout period reservations are not guaranteed however Owasco will provide its best efforts to provide the clients with a site. Clients need to be aware that a non-electrical site maybe provided during blackout periods.

Parks check-in times are between 8:00am and 4:00pm. Clients must arrive for check in between these times. If clients check into the park outside of these times passport participation will not be possible and it may result in campground charges which will not be refunded.

All sites included in the program are either 15amp or 30amp electrical sites. Non-electrical sites may be provided at times of high volume.

Clients who purchase the Passport will be provided with a 30amp extension cord (a cord which reaches further than the standard cord provided with the RV). This cord will insure that the outlet at the site is reachable.

The client must present their supplied Passport Booklet upon arrival at Ontario Park. Not supplying booklet will result in campground charges which will not be refunded.

Pre-requested sites numbers are not available with this passport

Side by side campsites (for parties travelling together) are not guaranteed. The Passport is a first come first serve basis; however side by side sides can be requested at the time of campsite check in, if possible Ontario Parks will accommodate.

Entire cost of Passport is payable in full upon cancellation

Items not included in passport: Motorhome rental, fuel, additional extras (outside of campground fee), and applicable taxes. All passports are payable in advance

All passports are pre-reserved

Passports requested at time of pickup are subject to availability and not guaranteed.

Only 12 nights are included in this tour, any additional nights outside of the 12 nights are at the client's expense. Reservations are recommended for all additional nights.

Complete Passport Booklet can be kept by the client upon completion as a souvenir.

Any mis-placed passports during travel will not be replaced.

Any issues with the Passport can be directed to Amy Closter or Chris Verwey at Owasco. Clients are not required to pay for any additional cost of the campground unless steps are not followed correctly.
